

HP Photosmart M307 Digital Camera

with HP Instant Share

A great choice for budding digital photographers. The HP Photosmart M307 digital camera features 3.2 MP resolution and 15x total zoom—3x optical, 5x digital. E-mailing photos is fast and easy using HP Instant Share—without the burden of large file attachments or slow downloads. Perfect for the budding digital photographer, the big 1.8-inch high-resolution LCD screen displays photos and easy-to-understand menus—even in bright light. Framing shots is a breeze using the fun, yet

functional, ergonomic design. Easy-to-use, on-camera manual controls allow you to override automatic functions to enhance your shots or add creative touches. Help wizards act as a guide. Snap and save your photos on 16 MB of internal memory—or use the SD/MMC memory card slot that supports cards as large as 512 MB! Easily print without a computer via USB cable or the camera's memory card (the camera supports PictBridge for worry-free photo printing from all printers).

Digital photography made easy—HP's 3.2 MP digital camera with a big, high-resolution image LCD

Take great photos

- A great choice for budding digital photographers. Take great pictures at 3.2 MP resolution for beautiful 4 x 6-inch prints and enlargements up to 8 x 10-inches. Capture shots from a distance with 15x total zoom—3x optical, 5x digital.

Big—1.8-inch—LCD screen

- See your photo right after you take it on the big, 130K pixel LCD screen, then keep only the photos you want. Backlit LCD lets you view photos in bright light. Use menus, help wizards and HP Instant Share—all from the back of your camera.

Fun and easy by design

- Simple, intuitive button layout. Snap a photo and choose from a list of e-mail addresses, online albums or printers right on your camera. HP Instant Share will send the photos—without the burden of large attachments—when connected to your PC.
- Fun, small and lightweight with an easy-to-use design. Unique, sculpted grip feels great and keeps the camera steady for quick, one-handed shots.

Docking capability

- Easily send photos to your PC using the optional HP Photosmart M-series dock.* Features one-touch printing and activation of HP Instant Share. Dock recharges NiMH batteries and can be attached to your TV for photo slide shows in your living room.

HP photo software included

- Virtually all you need in one easy-to-use program. Crop, rotate and enhance your photos, easily organize and share via e-mail, print enlargements, create album pages, make photo CDs and edit video clips. HP makes it easy with HP Image Zone software.

Great photo features

- Get easy point-and-shoot performance with automatic settings for focus, flash and zoom, or enhance photos, add creative touches and more by choosing manual controls—all with handy on-camera buttons. Automated wizards help you create better photos.
- Choose the battery that works best for you. HP M-series cameras use either standard AA disposable or rechargeable NiMH batteries. Camera alerts you if battery power is low. Recharge batteries in your camera with optional AC adapter or optional dock.*
- Capture life's moving memories in MPEG movie clips with sound. Digital MPEG movie clip length is limited only by the available memory in your camera. Take a series of still photos using burst mode.
- Easily print photos—without a PC—directly from your camera to HP Photosmart printers and select HP all-in-ones via included USB cable or with optional SD/MMC memory card. PictBridge support for easy file transfer.

Easy connection and support

- Works easily with USB compatible PC and Mac®.
- One-year limited warranty backed by HP's 24-hour, 7-days-a-week Customer Care service and support.
- HP Customer Care, including 24-hour web support at www.hp.com/go/support.

Optional accessories

- Recharge fast—in one hour or less**—and add stylish protection with the HP Photosmart Quick Recharge Kit, includes recharger, 4 NiMH batteries and matching case.

* HP Photosmart M-series dock and AC adapter not included; please purchase separately.
